

Why join AFP Nature Coast?

- We subsidize your membership for two years! – If you become a member of AFP Nature Coast then the Chapter will subsidize the cost of your membership for \$100 for your first year of membership and then \$50 upon your second year when you renew. We believe in investing in our members to help them be part of such an important professional organization.
- Professional development – At the monthly luncheon meetings, the Chapter hosts a new speaker for a variety of professional development learning opportunities.
- Networking and Mentoring – Networking within the AFP chapter can be a valuable resource for your organization. We offer peer to peer mentoring where you can garner ideas from others in the field and learn new strategies to help your organization. The AFP Nature Coast Chapter is one of the only organizations in the area that offers an opportunity for the non-profit professionals of our community to organize, network and build relationships with their peers.
- Stewardship and Cultivation events – The annual National Philanthropy Day event in November is a wonderful way to provide donor recognition and continued stewardship for the donors of your organization amongst their philanthropic peers in the community.

We are a unique group that is pro community focused on doing good through philanthropy and the variety of different non-profits we serve. Our Chapter is hopeful for your membership and looks forward to building a relationship with you and your organization.
